

Create your patient account

Activate your personal invitation and create a passkey, a secure sign-in saved on your device or in your password manager.

1 Check the invitation

Where you are: The personal invitation shows your name and the clinic that sent it.

What to do: Check the details and select Create passkey.

The screenshot shows a mobile app interface for PhysioWorkplace. At the top, there's a header with the PhysioWorkplace logo and the text 'Activate PhysioWorkplace'. Below this, a light green box contains the invitation details: 'INVITATION FROM Meadow Arc Rehab' and 'INVITATION FOR Passkey Patient'. Underneath, a message states: 'Create a passkey to activate your patient account. You will use it to sign in without a password.' A prominent blue button with a red border and a red circle with the number '1' next to it says 'Create passkey'. Below the button, there's a link that says 'Already have a patient account?' followed by the text 'Continue with passkey'. At the bottom, a disclaimer reads: 'The invitation is personal and can only be used once. Your passkey never leaves your device or password manager.'

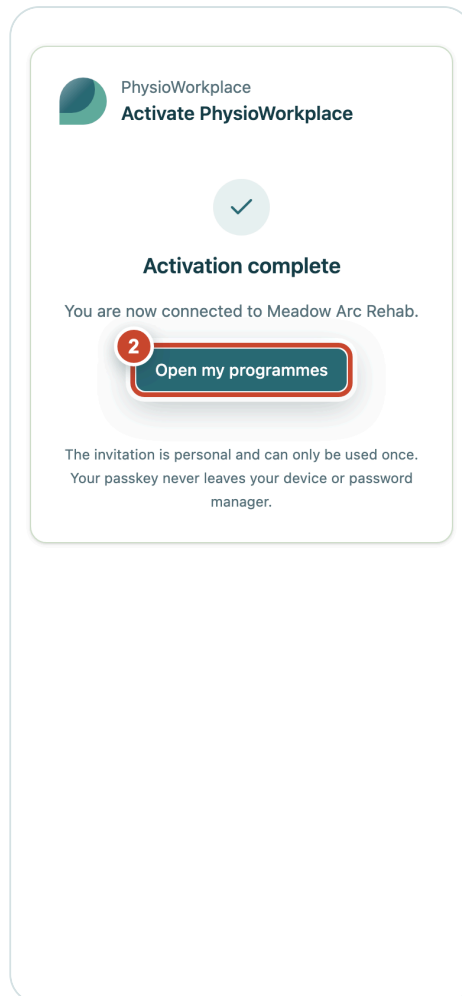

Complete when: The heading Activation complete appears when the account and your passkey have been created.

2

Open the patient portal

Where you are: The page shows Activation complete and confirms that the account can be used.

What to do: Select Open my programmes.

Complete when: The patient portal opens with the heading My programmes.
